

Omkar Dubey

AI/ML Full Stack Developer

Email: omkardubey165@gmail.com

Linkedin: <http://www.linkedin.com/in/ashu2808/>

Github: <https://github.com/OMKAR580/>

Mobile: +91 9305240893

SKILLS

Frontend:	React.js, Next.js (App Router), JavaScript, HTML5, CSS3, Tailwind CSS, Framer Motion, GSAP
Backend:	Node.js, Express.js, Python (Flask, FastAPI), Java (Spring Boot – Basic)
Databases:	PostgreSQL, MongoDB, MySQL, SQLite, Supabase, MS SQL Server
AI/ML & LLM Integration:	OpenAI, Gemini API, Groq, OpenRouter, Scikit-learn, multi-provider AI orchestration & fallback design
Auth & Security:	Clerk, Firebase Auth, JWT, OAuth 2.0, Argon2, iron-session, Row Level Security (RLS)
Payments & APIs:	Razorpay, REST APIs, Webhooks, Prisma ORM, SQLAlchemy
Cloud & DevOps:	Vercel, Render, Docker, GitHub Actions, AWS/GCP/Azure (Free Tier), Git/GitHub
Soft Skills:	Problem-Solving, Team Leadership, Stakeholder Communication, Adaptability

PROJECTS

SalarySense AI — ML-Powered Compensation Analytics Next.js, FastAPI, Scikit-learn, PostgreSQL	Mar 2026
- Built an ML-powered compensation analytics platform predicting fair market salaries with 90%+ confidence using Ridge Regression across job title, experience, education, and location. - Implemented Explainable AI (XAI) to surface positive/negative salary drivers, with CSV bulk-upload supporting analysis of 1,000+ candidates in a single batch. - Delivered multi-currency support (₹/\$/€/£) and branded PDF report exports; deployed frontend on Vercel and backend on Render with Redis caching.	
SmartCurr — AI-Based Curriculum System Python, Flask, PostgreSQL, Multi-AI	May 2026
- Developed a curriculum gap-analysis platform combining a deterministic backend baseline with a Gemini → Groq → OpenRouter AI enrichment pipeline for zero single-point-of-failure analysis. - Migrated authentication from Flask-Login to Clerk (JWT + OAuth) with a zero-regression compatibility layer; built an authenticated AI chatbot support assistant with admin issue-escalation workflow. - Built a deterministic course-recommendation engine (save/pin/dismiss/feedback) driven entirely by saved skill-gap data and a verified static course catalog — no scraping or AI-generated links.	
Nalanda & Krishana Foundation Next.js, TypeScript, Supabase, Clerk, Razorpay	Jun 2026
- Built a multi-tenant, enterprise-grade LMS and registration platform serving two independent brands from a single Next.js codebase, with environment-driven dynamic branding. - Implemented Clerk-based authentication with a resilient cookie-fallback mechanism to prevent split-brain states in edge middleware; secured data access with Supabase Row Level Security. - Integrated Razorpay for real-time course-fee collection and built a personalized student dashboard with live-class access and payment history.	

TRAINING / WORK EXPERIENCE

Kaizel Industries Pvt. Ltd. (DriftX Division)	May 2026 – Present
Technical Head	
- Serving as Technical Head for DriftX, owning end-to-end technical architecture, product engineering, and delivery for a live full-stack consumer platform (Next.js, TypeScript, PostgreSQL, Prisma, Razorpay). - Directly report to the Founder & CEO; responsible for technology decisions, security posture, and reliability across frontend, backend, database, and payment layers. - Drive engineering priorities and coordinate feature delivery, including secure payment flows and a cryptographically signed digital ticketing system.	
Eduniketan Pvt. Ltd. (TheEduCode)	Sep 2026 – Apr 2027
Software Architecture & Product Engineering Trainee (OJT)	
- Working with the Technical Operations team of TheEduCode, an enterprise programming-education platform, supporting platform operations, technical support, and system monitoring. - Assisting with workflow management, technical documentation, project coordination, and process-improvement initiatives to improve platform scalability and reliability.	

CERTIFICATES

AI & ML Basics to Advanced (Career Ready Programme) TheEduBootCamp	Jul 2026
Database Management System Part - 1 Infosys Springboard	Aug 2026

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug 2024 – Present
Computer Science and Engineering; 3rd Year; CGPA: 8.01	
B.B.S Smriti Vidyapeeth	Auraiya, Uttar Pradesh, India
Class 10th (CBSE)	2020 – 2021
Percentage: 85.5%
